

West Virginia School Health Technical Assistance Center

Please join us Wednesday, October 14, 2015
from 2:30-3:30 p.m.
for a free webinar on
eSchoolCare: Providing Practice Supports to WV School Nurses

The purpose of this presentation is to describe eSchoolCare, a web-based mobile resource that provides school nurses with expert-reviewed, evidence-based, up-to-date resources on student chronic health conditions. This electronic school health resource site is **FREE** to WV School Nurses through a partnership with WVDE and WVDHHR to purchase access rights for frontline school health professionals to have evidence-based research at your fingertips. Content is focused on supporting school-based care of students with chronic conditions such as allergies, asthma, cancer, diabetes, epilepsy, and mental health disorders. The program focuses on contemporary school nursing challenges presented in caring for increasingly numerous and complex children with chronic conditions.

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able. *This webinar will be recorded and posted with CEU's for future listening for those unable to attend the live offering.*

**Registration Link, CEU Information and Presenter Bio
are available on our webpage:**

Learning Objectives

1. The learner will be able to describe the support school nurses indicate they need in caring for children with chronic conditions.
2. Discuss the features of the eSchoolCare program that can be used to enhance child health in a school setting.
3. The learner will be able to give specific examples of how the eSchoolCare iPad application can be used in their school setting to enhance child health.

Miscellaneous Information:

CEUs pending through the Office of Maternal, Child and Family Health. Social Work Continuing Education provider registration number (490089); West Virginia Board of Examiners for Registered Nurses provider number (WV1999-0297).

This event is coordinated by the West Virginia Department of Education Office of Student and Community Support and the West Virginia School Health Technical Assistance Center at the Joan C. Edwards School of Medicine, Marshall University.

Bio:

Lori Anderson has a Ph.D. in nursing from University of Wisconsin-Madison and is a Clinical Professor at the University of Wisconsin-Madison School of Nursing. Professor Anderson’s work is focused on care of children with special health care needs (CSHCN) in the school setting. Currently, she is the Program Director for eSchoolCare. Professor Anderson has also conducted a study of Wisconsin parents of CSHCN about the school-based care their children receive. She has conducted studies of families with CSHCN and has completed a national survey of school nurses to document their experience in caring for CSHCN. A certified pediatric nurse practitioner and a nationally certified school nurse, Dr. Anderson has practiced in both school and public health settings.
