

West Virginia School Health Technical Assistance Center

Please join us Wednesday, November 16, 2016

from 2:30-3:30 p.m.

for a free webinar on

Using Telehealth to Teach Reproductive Health

Participants of this webinar will learn about the use of telehealth as a tool to teach reproductive health and life skills in rural areas.

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able. *This webinar will be recorded and posted with CEU's for future listening for those unable to attend the live offering.*

**Registration Link, CEU Information and Presenter Bio
are available on our webpage:**
