

West Virginia School Health Technical Assistance Center

Please join us Wednesday, March 25, 2015

from 2:30-3:30 PM

for a free webinar on

Seizures and Medications

Presenter, Dr. Mary (Mitzi) Payne, will discuss epilepsy and the different challenges these students may bring to a school. Participants will leave the webinar with knowledge of the different types of seizures, medications used to treat them, and how to manage these children in a school setting.

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able.

**Registration Link, CEU Information and Presenter Bio
are available on our webpage:**
