

West Virginia School Health Technical Assistance Center

Please join us Wednesday, May 4, 2016
from 2:30-3:30 p.m.
for a free webinar on
Seizure Management

This webinar will provide information on seizures and epilepsy. Participants will learn to recognize the different types of seizure activity and be able to manage seizures in an appropriate manner.

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able. *This webinar will be recorded and posted with CEU's for future listening for those unable to attend the live offering.*

**Registration Link, CEU Information and Presenter Bio
are available on our webpage:**

Bio:

Tom Koproski, is the Director of Community Education at the Epilepsy Foundation of Greater Cincinnati and Columbus. His job consists of educating the community about epilepsy. It includes going into schools, police departments, fire departments, nursing homes, businesses, clubs, health fairs, or, in general, anywhere which request to teach people what epilepsy is and proper first aid for seizures. It usually involves teachers, school nurses, classmates, co-workers, employers, caregivers and those in public service jobs, but it has no limits. He obtained a Bachelor of Arts from the University of Cincinnati in 1979. Tom has over 30 year of experience with seizure management and community and college education on disabilities.
