

## West Virginia School Health Technical Assistance Center

Please join us Wednesday, September 23, 2015

from 2:30-3:30 p.m.

for a free webinar on

**Cystic Fibrosis**

This webinar will discuss Cystic Fibrosis through the eyes of the patient. Participants will learn about the draft federal bill called "David's Law" and understand the need for students with cystic fibrosis to be able to self-carry enzymes on their person while at school as allowable by state policy.

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able. *This webinar will be recorded and posted with CEU's for future listening for those unable to attend the live offering.*

**Registration Link, CEU Information and Presenter Bio  
are available on our webpage:**

**Bio:**  
**David Wagner** is a nursing assistant/home health aide on the national register and residing in the state of Minnesota. He has home care training to work with patients and families of patients with cystic fibrosis. He is currently working as a nursing assistant/home health aide and has been working in this field for over 19 years with the same company. He is the founder of the National Cystic Fibrosis Pen Pal Club and Support Group. The group provides support for anyone needing help with understanding CF as well as giving them advice as needed. The group currently has over 1,000 members from almost every state in America. David is a cystic fibrosis patient himself and has other major medical issues but takes each day with a grain of salt. His national group got 1 million phone calls last year their 24 hour hotline for all needing help with cystic fibrosis. This webinar will show his enthusiasm for educating the nation on CF.
