

West Virginia School Health Technical Assistance Center

Please join us **Wednesday, January 14, 2015**
from **2:30-3:30 PM**
for a free webinar on
Immunizations

The West Virginia Division of Immunization Services works to prevent and control vaccine-preventable diseases among children, adolescents and adults of West Virginia. This webinar will provide an overview of the Pre-K and K-12 school entry immunization requirements, vaccine contraindications, the exemption process and how an approval is recorded and displayed in WVSIS. Please join Jeff Neccuzi, Director of the Bureau for Public Health, Division of Immunization Services, to learn more about continuing to protect West Virginians from vaccine-preventable diseases in order to improve the quality of life for all.

This training is offered only via WebEx (no conference call lines will be available). **The Webinar is FREE but you must register in advance.** We are limited to 100 WebEx participants, so please **register early** and plan for group access when able.

**Registration Link, CEU Information and Presenter Bio
are available on our webpage:**

Bio:

Jeff Neccuzi is the Director of the Bureau for Public Health, Division of Immunization Services. Jeff has been working in the field of immunization for nearly 22 years and was the West Virginia’s first Vaccines for Children (VFC) Coordinator at its inception on October 1st, 1994. Jeff is a member of the Vaccine Storage and Handling and VFC workgroups of the national Association of Immunization Managers (AIM) and has been elected to two 3-year terms as an executive committee member of AIM. Jeff serves as a mentor in AIM’s mentoring program for new managers and provides subject matter support to the development of immunization legislation, participates in Bureau for Public Health mass vaccination preparedness and with numerous stakeholder groups in implementing immunization policies and procedures.
